July 11, 1980

Mr. William Brandt, Director
Department of Public Works
City of Waukegan
196 North Utica Street
Waukegan, Illinois

Dear Mr Brandt

Your solid waste disposal facility located at the intersection of Yorkhouse and McAree Roads in Waukegan was inspected on June 23, 1980, by Jeff Stofferahn, representing this Agency.

The inspection disclosed the following condition(s) which constitute violations of the Environmental Protection Act and Chapter 7 of the Illinois Pollution Control Board Solid Waste Rules and Regulations

Leachate continues to flow into the perimeter ditches around the site, especially along the east and south boundaries. This condition leads to odor problems and endangers the quality of surrounding surface water.

We strongly urge you to address this situation immediately. We also are requesting a reply to this letter indicating your intentions with regard to this problem

Sincerely,

Kenneth P. Bechely, Northern Region Manager
